### Meet Xarahi

Xarahi is energetic, bubbly, and a natural born leader! Her favorite activities include painting, drawing, and coloring different types of coloring books. Additionally, she enjoys riding her scooter and playing with her neighborhood friends. When Xarahi grows up she would like to become a doctor and frequently says, "I want to help people feel better!" She also would like to grow up and be as pretty as Queen Elsa, but as strong and courageous as Wonder Woman. A perfect day for Xarahi would be spending time with her loved ones and eating her favorite foods: cheese pizza and ice cream.

Xarahi is anxious to be adopted and needs a loving, structured, and caring home environment that can teach and guide her as she grows into a young lady. She would benefit from a one or two parent household, with or without siblings.

If you are interested in learning more about Xarahi, please contact Crysta Hernandez at [chernandez@cfare.org](mailto:chernandez@cfare.org).
