Meet Xavier!

Xavier is a silly and creative teen who likes to play video games and have long talks about astronomy.

Xavier's favorite foods are chicken and french fries, and he prefers to listen to rap and hip-hop music. He loves animals and superheroes and likes to watch Animal Planet or DC/Marvel movies. Xavier enjoys playing basketball and says he is a good guard. When bored, he will play with his fidget spinner, and is always open to learning new things. Xavier's favorite subject in school is science and has a dream of studying it in college so he can create new inventions. He said that he knows a lot about stars and the planets and can quickly share several facts about the solar system. Xavier is also artistic and has created and illustrated several comic books.

Xavier was born in 2006.
